PhytoTrace™

Rice

Product Bulletin

INCI Name: Oryza Sativa (Rice) Extract (and) Glycerin (and) Water

General Information: Rice Hydroglycerin Extract

PhytoTrace™ Rice botanical extract is obtained by maceration, a cold process that preserves heat-sensitive phytochemicals and renders extracts matching, as best as possible, the pool of phytochemicals in the plant. The farmers follow a high standard of agricultural practices in terms of sustainability, environmental responsibility, and plant cultivation.

- Rice grown in the natural reserve of Camargue, in Provence France
- COSMOS approved
- Water soluble
- No pesticides used
- Extracted using traditional maceration methods
- Energy efficient, cold process extraction

Known benefits of rice:

- Rich in proteins and flavones
- Detoxifying agent
- Anti-inflammatory properties

How to Use: Recommended Use Level: 0.2 - 10%
Use Instruction: Add to water phase or at the end of the formulation.
